TENNIS TRAINING

PHOTO AND VIDEO CONSENT

MINOR ATHLETE / OPTIONAL PERMISSIONS

DRAFT FOR LEGAL REVIEW DT / MC / 001

This form records separate choices for private coaching footage and public marketing. Either or both may be declined without affecting eligibility, fees, or access to live coaching. An unanswered or conflicting choice means no permission for that use.

Athlete full name / confidential administrative use only

Athlete date of birth

Parent or legal guardian full name

01 Private coaching photographs and silent video

I authorize brief, announced photographs and silent video of the athlete during tennis instruction for technique review and progress comparison. Access is limited to assigned coaches, authorized Dante staff, the athlete, and their parent or guardian through approved private systems. This choice does not authorize public posting or marketing.

☐ **I CONSENT** ☐ **I DO NOT CONSENT**

02 Public marketing photographs and silent video

I authorize Dante to capture and use the athlete’s image in its own website, official social accounts, digital advertising, and printed promotional materials about Dante tennis services. This permission is separate from private coaching consent. No payment is due for an authorized use. No fabricated testimonial or implied personal endorsement is permitted.

☐ **I CONSENT** ☐ **I DO NOT CONSENT**

No athlete name may be published before age 18, including first names, captions, tags, file names, or visible name labels. Dante will not publish the athlete’s school, contact information, precise schedule, or live location. An image can still make an athlete recognizable even without a name.

MINOR ATHLETE / OPTIONAL PERMISSIONS

DRAFT FOR LEGAL REVIEW DT / MC / 001

03 Recording boundaries

Recordings must be announced and limited to the selected purposes. Audio capture must be disabled before filming; this form does not authorize recorded conversations, live streaming, continuous surveillance, or undisclosed safety recording. Do not record in bathrooms, changing areas, during medical care, or in a humiliating or distressing situation. Pause if the athlete objects. Obtain required permission for other identifiable participants before including them.

04 Access and permitted handling

Use business approved devices and restricted storage. No coach may retain footage for personal use or post it to a personal account. Authorized service providers may process footage only to support the permitted use. No sale, licensing to unrelated parties, facial recognition, or AI training is authorized. Ordinary cropping, color correction, and editing are permitted if they preserve context and dignity.

05 Duration and withdrawal

Permission begins on signature and ends at the earlier of written withdrawal, the end of the athlete's membership, or age 18. Further recording or new publication then requires new consent. Turning 18 does not authorize name use. The adult athlete must make a separate choice.

A parent or guardian may withdraw either permission in writing to the contact below. Dante will stop new use upon receipt and remove public material it controls within 30 days of a removal request. It cannot guarantee retrieval of printed material already distributed or copies made by others. Private coaching footage will be deleted within 90 days after membership ends or consent is withdrawn, unless preservation is required by law or for a documented incident or claim. Restricted consent records may be retained to document the choices made.

06 Acknowledgment and signature

I confirm that I am the athlete's parent or legal guardian, have authority to give the selected permissions, and have read both pages. This form grants only the permissions selected. It is not a participation liability waiver and does not release claims for unauthorized use or misconduct.
